

LiSci Kolloquium 1.0

-Open Seminar Series in Life Sciences, WS 23/24-
17.00 Uhr in VW.11.001

Tuesday
24.10.23

PD Dr. Thorsten Möhlmann
Plant Physiology, RPTU Kaiserslautern

Nucleotide metabolism in plants, cellular organization, regulation and beyond

Tuesday
21.11.23

Prof. Dr. Eva Nowack
Microbial Cell Biology, HHU Düsseldorf

From bacterial endosymbiosis in protists to the evolution of novel organelles

Tuesday
19.12.23

Dr. Isabella Kappner
University of Wuppertal

Battle of the sexes – Systematics and mitochondrial inheritance in clams

Tuesday
23.01.24

Prof. Dr. Pavlo Lutsik
Computational Cancer Biology and Epigenomics, KU Leuven

Unravelling tumour heterogeneity and cell-of-origin with computational epigenomics

---Guests are welcome---
